

## REFLECTIVE

2024-03-15 - 2024-04-15

VB Contemporary is delighted to open its second virtual exhibition titled "REFLECTIVE" with a superb number of stellar artists and creators depicting their vision on the multitudes of the concept of reflection.

At VB Contemporary, a reflective theme allows for each artist to reflect on their surroundings, their atmosphere, their philosophy and their relationship with the environment and the world around them. Different genres of art along with various points of view and narratives are composed together into a cohesive collection showcasing artists from all over the world such as Chicago, Washington DC, New Hampshire, London, Paris, Spain, The Netherlands, Vietnam and Peru. The works presented in this virtual group exhibit by accomplished and talented artists offer ponderment on a reflective mood, be it an abstract work of art or a photograph capturing reflective elements.

Consequently, the concept of reflection plays a major role in the image's significance reflecting the creator's disposition and frame of mind.

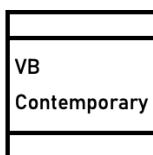

Artists in the exhibition are:

Jaume Llorens, Arjan Janssen, Karl Bielik, Glenn Wexler, Albert John Belmont, Fernando Dolorier, TamHuy, Vian Borchert.

Curation and concept by Vian Borchert
