

In Spring

2024-04-16 - 2024-05-31

"VB Contemporary" is delighted to present its Spring season group exhibition titled "In Spring" with a stellar lineup of accomplished artists. The exhibition celebrates the theme of "SPRING" with all its glory. Flowers, vegetation, green landscapes, floral abstractions and flora photographs along with themes of rebirth are presented in varying styles and mediums. The theme touches upon the conceptual aspects and philosophies of rebirth and Spring renewal. Literal depictions and abstractions are presented to illustrate the multitude of what Spring entails. The artists' ideas are blooming and spring to life in this spectacular exhibit that celebrates the power of creativity mixed with the skill of artistry encompassing a Springtime exploration of the artists' renderings of nature and the environment. Consequently, a kaleidoscope of a Spring tapestry comes forth embracing the varying artwork within the exhibit welcoming the viewer to a Spring-full journey through the arts.
